

Team Members present: Francisco Braga, Jan Rybojad, Mary Chern, Minh Anh Nguyen, Megan Wu, Wen Bin Yu

Date/time: March 12th, 5:30 PM

Francisco

What did you do yesterday?

- continued working on connecting to the broker server, partnered with wen bin

What will you be doing today?

- will continue to try and connect to the broker server

Are there any impediments in your way?

- None

Jan

What did you do yesterday?

- Met with Kristian to discuss details on the random robot and log class

What will you be doing today?

- developing a plan to work on the next task

Are there any impediments in your way?

- None

Mary

What did you do yesterday?

- Finished setting up the structure to pull the parsed data from the broker class
- Met with Kristian to discuss details on the random robot and log class

What will you be doing today?

- Implementing the CSV file structure into the broker class instead

Are there any impediments in your way?

- No time

Minh Anh

What did you do yesterday?

- Met with Kristian to discuss the details on broker such as the imbalance

What will you be doing today?

- Work more on the coding the broker server and implementing the details discussed with Kristian.

Are there any impediments in your way?

- none

Megan**What did you do yesterday?**

- partner: minh anh -> started to build the data structure that will keep track of which orders belong to which client, so we can start to route messages to original sender + explored how to expand the python socket library to do message handling

What will you be doing today?

- finish changing the socket into the twisted class

Are there any impediments in your way?

- sleep deprivation

Wen Bin**What did you do yesterday?**

- Fixed issue with Twisted library, now I can run files with Twisted and work independently

What will you be doing today?

- Work for other class and presentation for this class

Are there any impediments in your way?

- Busy schedule
